ASHLEY BRIDGES

JUNIOR WEB DEVELOPER

CAREER SUMMARY

I am a Junior full-stack web developer based in Sydney Australia. My passions are beautiful and responsive web applications with UI/UX designs clients will love.

I love learning new skills and teaching others. I build educational games in my spare time for fun and self development.

I've volunteered as a community paramedic in rural WA, volunteered with my local sea rescue group and also been part of the Army reserves.
